

vPCO INNOVATION CHALLENGE²⁰²⁰

You asked and we listened! We are extending the deadline for your Innovation Challenge registrations until 30 October.

If you don't yet have a fully formed idea but would love to get involved: put a team together, register and book your time with the Board of Advisors. They can work with you on everything from problem definition to selling your idea and conveying your secret sauce. Plus, learning how to give the best pitch in 10 minutes.

Each member of the three teams selected to present in the final will receive \$500 and the winning team will also have their idea funded – not to mention the glory of winning the 2020 vPCO Innovation Challenge!

[Register now.](#)
